## Farm Bureau Official Information

### SAWDUST IS BEST GRASSHOPPER BAIT

Sawdust is cheaper feed for grasshoppers than grain crops. With a little arsenic added, one feeding will satisfy their appetite.

"Grasshoppers annually destroy thousands of dollars worth of crops in Wisconsin as well as other states. Killing with poisoned bait has proved a cheap, effective way to fight them. A mixture of sawdust, 25 pounds; middlings, 6 pounds; white arsenic, 1/2 pound; salt, 1/4 pound and amy acetate, 10 tons, spoonfuls moistened with water and scattered broadcast over the field which is being eaten by grasshoppers is the cheapest, surest cure so far," declares C. L. Fluke of the Wisconsin College of Agriculture. "The salt and amy acetate is the attractive part of the bait."

"The bait gives best results when applied just before seeding time for the hoppers. This may be early in the morning or in the afternoon, depending on the kind of grasshoppers."

"Put the amy acetate in the water and add to the dry mixed sawdust, arsenic and salt. When thoroughly mixed add the middlings and stir." Fluke directs. "Hardwood sawdust is best."

### WESTERN CANADA IN NEED OF 61,000 MEN TO HANDLE GRAIN CROP

Winnipeg, Man.—Western Canada will require 61,000 harvesters to handle this year's crop, according to estimates furnished by officials of the Employment Service of Canada. Of this number, 15,000 will be needed in Manitoba, 23,000 in Saskatchewan and 13,000 in Alberta.

The great bulk of harvest help, as in previous years, will be drawn from Eastern Canada, with possibly 3,000 coming from British Columbia, but in view of a shortage of help the Canadian Pacific and the Canadian National railways have arranged to bring harvest workers from Great Britain, offering a low rate for contract workers.

Harvesting is expected to be general throughout the three prairie provinces between August 10 and 15.

### CARCASS HAULING CAUSES CRITICISM

A local company which disposes of dead carcasses is the butt of many adverse comments made when they carry large carcasses through the main streets. Local police say that while no formal complaints have been made they hear many words of censure, as the hauling could easily be made on some side street.

Dueseldorf—Germany joined the French in condemning the throwing of the hand grenades at a military band Saturday, but the penalties closing all restaurants and theaters at 10 o'clock and establishing a curfew at 11 will be continued.

### OPEN CEMENT WORK BIDS ON AUGUST 16

Cement contractors have until 3 p. m. of August 16 to submit to City Clerk E. J. Sartell their bids for doing sidewalk and curb gutter work ordered by the city during 1928. Those bidding must have mixers.

# \$25,000 Sewer Contract Signed

President J. K. Jensen and City Clerk E. J. Sartell have signed the contract with Garrett F. Thorne for carrying out the city's \$25,000 sanitary sewer main program for 1928 and he is expected to start work next Monday. In the meantime his excavating machine will be used in ditch work for several thousand feet of water mains to be laid.

Although the contract does not call for completion of the sewer job until Nov. 25, Mr. Thorne says he expects to be through with it some time in October.

Property owners on streets where mains are to be laid have until Sept. 2 to notify the city clerk whether they wish to pay cash for the work or in installments extending over a period of five years. In the latter cases bonds will be issued and interest charged. It is possible some will pay a big portion of the cost this year and let the balance extend over the five-year period. Those paying cash this year need not do so until Nov. 1.

# SUCCESSOR TO MARION GREETED

## Rev. E. A. Gilliland in First Sermon as Pastor of Christian Church.

A Sunday school attendance of 140 and a good-sized congregation at the morning church service greeted the Rev. E. A. Gilliland when he began his work as pastor of the First Christian Church here Sunday.

The new minister did not make any direct reference to affairs of his predecessor, Rev. Leland L. Marion, but in discussing from the pulpit the reasons why he had decided to accept the call to the local church, he referred to the "great difficulties" to be overcome and said that on the occasion of his visit here three weeks ago, he had been impressed with the courage and faith of the church officers and the creditable number of members in attendance at services on that day.

Not Easy Job.  
"If I had been looking for an easy job," said Mr. Gilliland, "I would not have come to Janesville but if we all exemplify the spirit of service and self-sacrifice I believe we can build up the work in a manner that will exalt Christ in this community."

The subject of the morning sermon was "The Challenge of the Cross," which the minister said was a challenge to love, faith and self-sacrifice. At the evening service he discussed the subject, "Courageous Following," and declared, "You must go forward without fear for while you wait, Christ is being crucified."

More Than Week.  
Mr. Gilliland returned Monday to Normal, Ill. He expects to move here next week, and will preach both morning and evening next Sunday. His parsonage at 228 South Main street is undergoing repairs and improvements.

# Interurban-Auto Crash Near City

## Although their Ford touring car was badly damaged, Walter and Harold Wiss, Riverside drive, Beloit, escaped serious injury when their car was struck by a south-bound interurban car near the Janesville-Beloit road Friday night.

Harold Wiss was taken to Beloit on the interurban car. He suffered severe bruises and cuts. The other boy escaped with minor injuries.

# TRIBUTE IS PAID DEAD PRESIDENT

Sorrow of Nation Expressed by Pastors in Various Churches.

Several Janesville pastors paid tribute Sunday in their sermons to the late President Harding and plans are being made by several churches for special services Friday, the national day of mourning.

Taking as his text, Hebrews 7:4, "Now consider how great this man was," the Rev. F. P. Case, in his sermon Sunday night at the Methodist church, analyzed the progress of President Harding from a compromise candidate at the Republican convention in 1920 to a great man.

**Lauded by Case.** The most beneficial piece of legislation accomplished during his term, according to Dr. Case, was the passage of the bill restricting emigration, which he declared, two previous presidents had not had the courage to sign. He also praised the enforcement of the 18th amendment.

Expressing his belief in some definite relation with the nation, he said that Harding, who was nominated because of his unexpressed policy, had lately favored plans for the recognition of Europe, and would probably have reached some agreement with them.

**Tell Belts, Friday.** Memorial services were held in the Lutheran churches. The Rev. S. W. Tuchs spoke of the loss to the nation through the president's death in the introductions to his morning sermons in both English and German and at Hanover in the afternoon.

Services were also held at St. Peter's church.

St. Patrick's church will hold memorial services in connection with the regular service at 8 a. m. Friday. No plans have been made at St. Mary's church as Father Olson is out of town.

Regular holy communion will be celebrated by the Rev. Henry Wiemann at the Trinity church at 10 a. m. Friday.

It is planned to have the bells on most churches tolled during the hour of the funeral on Friday.

# Get Her a Maytag

Washes Clothes Clean from 2 to 8 Minutes

Maytag Gyrafoam Washer

THE ELECTRIC WASHER "A Tempest in a Tub"

This new machine gets its name from the gyrating currents of water and soapy foam. It is the only absolutely new principle of washing in the past ten years.

It cleans as no other principle can. See how it works. Water alone cleans your clothes. The gyrating currents of water gently flex and work the fabrics until the dirt is loosened. Then the turbulent action of the water carries the dirt free of the clothes.

You can clean a tubful in half the time. If you want to wash a half tubful of clothes, you use only a half tub of water. If you want to clean just a few pieces you use just enough water to cover them. And the results are remarkable.

Anticipate Quiet Week at Beaches and Playgrounds

Playgrounds, in common with places of business in the city, will run short this week, and will be closed all day Friday. In addition to Wednesday afternoon. The former is because of the death of President Harding; the latter because of Janesville Day at the fair. They will be open all day Tuesday, but with the beaches, will have a small attendance, as it is expected because all children are admitted to the fair free on that day.

Evening closing of the playgrounds has passed. It was tried for about six weeks and found to be fairly successful but not enough so to warrant keeping the grounds directors at work three nights a week. This is especially true now, as evenings are so short.

Morning work this week at the grounds will be preparation for badge tests. There will be no band concerts, as high school bands are playing at the fair.

# FITCH IN COURT ON FOUR COUNTS

Seven Others Arraigned on Liquor Charges in Monday Morning Rush.

Pre-voleted memories of municipal court attaches were revived for Monday when a line of 11 defendants appeared in prisoners' row, eight of them for alleged violation of the prohibition laws.

Looked upon by police as the "king pin" of the array was J. P. Fitch, who runs a store at 922 Western avenue, and who has been under police surveillance for several months. Arraigned on four counts of violations of the dry laws, Fitch demanded an examination which was set for 2 p. m. Tuesday and his bail was fixed by Judge H. L. Maxwell at \$1,000.

Fitch's place was raided Sunday morning by policemen Leonard, Cleary and Porter. The officers claim to have found liquor and also say that Fitch destroyed some of it. In addition the police have a man ready to swear that he bought liquor from Fitch on two occasions, Saturday and Sunday, so that the four counts against him are: Sale on Aug. 4th, sale on the 5th, possession on the 5th and destroying evidence on the 5th.

Five for Intoxication.

Five were arraigned for intoxication and one for driving while drunk. On their way to the Janesville fair grounds, the Rock county fair, E. H. Arnold, Chester Brown and Fred Fisher were arrested by Deputy Sheriff A. E. Blunk in Union township Sunday. Brown and Arnold, each pleaded guilty and were given the same sentence, \$25 or 30 days, while Arnold was fined \$100 or six months for driving while intoxicated. Arrested by Patrolman George Porter for creating a disturbance in an east side restaurant at 2:30 a. m. Monday, John Eessan and Gilbert Yahn pleaded not guilty to drunkenness charges and had their trials set for Aug. 11. Bail of each was fixed at \$500.

John Smith, picked up on Linn street near his home by Patrolman Leo Lennartz Sunday afternoon, was fined \$15 or 20 days on a similar charge.

Travis Trial, Aug. 17.

Mrs. Mary Travis pleaded not guilty to an information filed against her by District Attorney S. G. Dunwiddie and her trial was set for Aug. 17. J. G. McWilliams appeared for her. Vagrancy and speeding were charges in the remaining three of the 11 cases. Andrew Bodman and Harry Williams, charged with vagrancy following their arrest by Patrolman Patrick Stein, had their charges dismissed when they promised to get out of town.

H. P. Sher, caught on Center avenue by Motorcycle Patrolman George Porter, paid \$12.40 for speeding.

## MRS. SMITH, MEDIUM, TO LEAVE CITY

Mrs. Lucile Smith, Janesville medium, has been given the go-ahead to escape the ignominy of appearing in municipal court next Saturday on a charge of drunkenness.

Authorities have decided not to press the case if she will leave the city at once and not come back, and according to Chief Charles Newman, she has already made her decision to leave Janesville.

With the negro woman's case disposed of in this way, it is now considered probable that the charge against Henry White, colored porter, will be dismissed. It was in front of White's house that the Smith and two Delavan lake negroes were arrested early Saturday following a fight. She has been watched by police for several months and when she lived on South Main street her home was visited by them several times but no violations were found.

Mrs. Smith gave readings and also kept open house to negroes and whites alike, police say.

## Milton Legion Beats Watertown

Charley Bluff, Lake Koshkonong—George Crandall, coach of Milton college, returned from officer's training camp recently, and on Sunday he pitched for the Milton American legion and held Watertown to three hits. Milton won, 8 to 2. Crandall fanned 18 men. Kakusko scored two men with a triple, but was out himself when he tried to stretch it into a homer. Oakley cracked a homer with two on. Watertown scored one on a base on balls, an error and a hit and another on an error and a banger. Box score:

LA FOLLETTE OUT  
TO CAPTURE WHOLE  
STATE DELEGATION  
(Continued from page 1)  
The delegation from Wisconsin that he would be  
able to lead in the state some time during  
October.

To Capture Delegation.

The immediate task of La Follette and his  
followers is to capture the entire  
state delegation to the national  
convention in June, 1924. Should the  
October conference develop as reported,

ed, those interested say that the ques-  
tion of delegate elections in April

Selection of four delegates at large

to represent the La Follette faction within the republican party is to be expected. The republican party is in a position of weakness, and the opinion of Speaker Dahl, Gov. Blair and the other republican leaders is expected to be one of the delegates to the conference. The republican candidates, with the remaining three delegates, will be determined upon at the conference.

It is expected by those in the conference that the republican party will have a majority of the delegates. The opinion of Senator La Follette that the republican party will be represented at his conference. The republican party in these counties will be expected to select two La Follette delegates and a delegate for the republican party. The republican party in the Wisconsin congressional district will be expected to select two La Follette delegates.

**Pick the Candidates.**

Special interest will be attached to the selection of the four candidates for positions as delegates at large. The republican leaders say the naming of the delegates will indicate whether the La Follette party will have a majority of the delegates. The republican party will be expected to select two La Follette delegates and a delegate for the republican party. The republican party in the Wisconsin congressional district will be expected to select two La Follette delegates.

The conservative republicans, new

hold a conference at the state fair in Milwaukee, Aug. 28 to Sept. 1, at which plans for the April delegate elections will be tentatively arranged. The program of action, to be followed by the conservatives has gone unannounced up to the present time.

An Opposition Ticket

There is no doubt a likelihood that a definite organization will be functioning for the conservative republicans before the delegate campaign gets under way. A determined effort is to be made to prevent the election of a solid La Follette representation at the convention, several conservative leaders have said.

# The Riddle of the Spinning Wheel

By M. E. and T. W. HANSHEW

Being an Exploit in the Career of Hamilton Cleek, Detective  
Copyright, 1922, by Doubleday, Page & Co., and published by arrangement  
with the New York City Syndicate of New York City.

**SYNOPSIS.**  
In deadly fear of the lives of her father and others in the Duggan home at Argon castle, Maud Duggan seeks help from Second Yard. Hamilton Cleek, under the name of Deland, takes up the attempt to solve the mystery of the Spinning Wheel, which on occasions and without the aid of human hands starts running, laying a death trap for the Duggans. The house is the old residence of Sir Andrew Duggan, his son by a first wife, the daughter and a second wife—French Duggan and her son, Cyril. It is believed that the wife is plotting for the death of all the Duggans. Cleek starts his investigation. He makes a number of acquaintances and finds that Ross, the eldest son, is an electrical expert. He has made his father angry by lighting his modern innovations. It is believed that the second wife is attempting to have Ross die. He is a family gathering the elder Duggan is slain when the lights go out. Maud Duggan tells Cleek, (Deland) about it.

"Half-past four. If you'd like it to go to your rooms with Mr. Nar-Kom." "No thanks; we'd prefer to take it with you." ("And use our eyes for ourselves," he supplemented silently.) Then, without more ado, bowed and went off in the direction of the Superintendent, who had been spending a quiet hour investigating the scene of last night's tragedy, and trying to solve the riddle of it.

Halfway there Cleek encountered young Cyril, wandering disconsolately about, hands in pockets and head down, and at sight of Cleek he fairly ran up to him, his brown face as thunder, his young mouth set into an ugly line.

"Look here," he demanded, in his shrill young voice, "I've been told in Cleek's way and looking up into his face, 'they've been telling me you suspect my stepbrother Ross of murdering my father last night, and I've been waiting to catch you and to tell you it's a damned lie!'"

"Easy, easy, my young enthusiast," returned Cleek, with a throb of admiration for this fearless young person, nevertheless, "they'll never make a detective of you if your methods of attack don't improve hastily. Let's hear what you're worrying over. Now, then, all over again, I'm going along this way to see the Superintendent, and you can come with me if you like."

Cyril's face brightened, and he slipped beside Cleek as they traversed the long hall toward the library.

"They've been telling me," he reiterated, "that you think my stepbrother Ross killed Father last night, and I've been waiting to tell you it's a damned lie!"

"Who's 'they,' may I ask?" "Oh—Mother—Miss Dowd. Cyril—the whole lot of 'em. Said you'd threatened to arrest Ross and put him in prison. But it isn't true, is it?"

Cleek looked down at the eager young face, and sighed. "Partly," he returned, "and partly not. I've made no accusation, Cyril, but—things point very blackly to your brother, and it will take pretty strong evidence to say he's innocent. There are others—whom I doubt, but at the present moment doubts are all that can be said."

## Heart and Home Problems

BY ELIZABETH THOMPSON.

Letters May Be Addressed to Mrs. Thompson, in Care of the Gazette.

Dear Mrs. Thompson: We are girls 12 and 14 years of age and popular among the girls. We are considered very pretty. Somehow we are not attractive among the boys. At most girls our age are. Could you tell us whether it is our actions or bashfulness? We generally have pretty clothes on. We are in love with two boys in our neighborhood, but they do not seem to care for us. There are girls in this town who are jealous of us and they delight in telling tales about us. What would you advise us to do?

—LILLIAN AND LYNN.

Most girls of 12 and 14 years are not popular with boys, and those who are are really unfortunate. You are not old enough to have boy friends as yet, and therefore I would advise you to forget about boys for a while and content yourself with your numerous girl friends. Do what you consider right and do not worry about a few unkind remarks which are made about you. Do not expect to be popular with everyone. I think it is better to be bashful than to be bold. Just be natural and in time boys will like you.

Dear Mrs. Thompson: I am a girl 16 years old. I have a liking to take care of little children. I could a girl of 18 make a success at a day nursery? I do not intend to start until I am 18. I have had the care of children most of my life and therefore I am sure I can do it. My parents are not opposed to it either and want me to start one. Do you think I could manage it?

—VIRGINIA THELMA.

There is no reason why you cannot make a success of a day nursery since your heart is so much in the work. I would advise you to get

**YOUR BABY AND MINE**  
By MYRTLE MEYER ELDRED

Mrs. Eldred is happy to advise all mothers on the care of their children of any age, or on any subject which does not belong in the field of the doctor.

Buttermilk is held in small esteem on farms where it is as common as water. Most farmers are glad enough to throw buttermilk to the pigs and scarcely think it fit for human consumption. To the contrary it is a most valuable food and has some good points which are possessed by its sweeter sister, milk.

"There are many children who have an intolerance for cream. Even a thin milk with little cream causes them to have an excess of acidity. It makes for all manner of unpleasant

effects. For those children buttermilk is the one food. Buttermilk is fat free, naturally, since all the fat in the milk turns into butter, and they can take buttermilk and do well on it. Most of them dislike it extremely at first, but some help, and after while they will drink it greedily. Later the cream can be introduced back into it, a teaspoon or so at a time until the child has developed a tolerance for it. In this case cream is like a drug or poison, and we know that if even dangerous drugs are fed in very small amounts over a long period of time, and the amount increased very slowly, the patient will soon be able to take a much larger amount with the same effects as was once caused by the smaller amount. It works this way with children, and foods which cause them distress. They should be fed slowly and cautiously, and the amounts gradually increased until they can take as much as they need for perfect nutrition, without causing any digestive disturbance.

Buttermilk is excellent to use when there is any tendency to intestinal trouble. The bacteria in the buttermilk acts beneficially on the bacteria in the intestinal tract, with the consequence that children who have had summer complaint or indigestion, intestinal disturbance, will do well to use buttermilk instead of plain milk when they have gotten to the place when they can take any food.

Buttermilk externally is a good bleach for sunburn or freckles, and is used upon the hands. Hard water dries the skin of the hands and of the nails too, coarse, cheap soap

**Dinner Stories**  
Sam was a colored gentleman very popular with the ladies, according to Judge. One night Miranda, his wife, was going through his pockets and found a card inscribed:

"Louise No. 27."

On inquiring from her spouse its meaning, she was informed it was the name and number of a racehorse. A

"What's your name?" broke in the policeman.

"Little," was the answer.

"Ah! A little learning is a dangerous thing!" chuckled the courted cop, so tickled at his joke that he let the transgressor go free.

is just as bad. If the water is not naturally soft, use hard water soap, which softens it, or add a little ammonia to it; and, whenever you can, wash the hands with oatmeal soap. Never use anything too strong to remove stains and dirt; lemon juice or ammonia will take off most marks. Grease rubbed over the hands will heal the skin and soften the skin so ordinary washing later on will make nails or skin as white as you could wish.

When you must work hard, coat the nails and the hands with heavy grease, petroleum jelly or lard, though the grease will attract dirt, it will keep it on the surface. It won't let it get into the pores and the ordinary washing will cleanse the skin afterward. Here's a very good nail cream:

**CUTICLE CREAM**  
Synthetic Amber ..... 2 drops.  
Oil of Rose (Light) ..... 2 drops.  
Paraffin or Beeswax ..... 2 drams.  
White Oil or Petroleum ..... 6 drams

Melt oil and wax and add the other ingredients, stir and cool. This cream is also astringent; it will help keep back the fast growing cuticle and will save you much time in manicuring.

Man—You can help to keep your hair a light shade if you add a tablespoonful of lemon juice and a quarter of a teaspoonful of baking soda to each quart of water to be used in the last shampoo rinse.

I do not know anything about the preparation you mention.

June—I will be glad to mail you a formula for making the creams if you send me a stamped, self-addressed envelope. A good powder is made from rice, but there are many others as well as Paris. The choice is altogether a matter of which looks best on your skin.

**For the skin rashes of childhood use Resinol**  
Don't neglect the little one's chafed skin, or the patches of rash or eczema, for children are bound to scratch and minor troubles may result in stubborn sores. Resinol Ointment is widely recommended by doctors and nurses because it so quickly stops itching, and will not harm the tender skin. It soothes as it heals.

Resinol Soap cannot be excelled for the toilet and bath tending as it does to keep the skin healthy through its unusual cleansing powers. At all druggists.

## HARDING TO REST NEAR MOTHER IN HOME CEMETERY AT MARION

## Youth Drowns at Clear Lake Beach

On the second day of a camping vacation at Clear Lake, John Schmidtke, 28, drowned in the lake off the north shore shortly after 4 p. m. Saturday. He was in swimming alone and before others could reach the shore, he had sunk. The body was taken to the home at Merrill Sunday afternoon by the father, August Schmidtke.  
Schmidtke was employed by the Western Electric company of Milwaukee. He had gone home early in the week, left Merrill Wednesday night and spent a day in Milwaukee. He and a group of other young men arrived at the lake 10 miles north of Janesville Friday night, set up camp, and planned to stay several days. Others in the party were Fred Kahn and son, James, with whom Schmidtke made his home in Milwaukee. Lewis Bartel and Ockley Thompson, also of Milwaukee, and Victor Gratzmacher, Newark, N. J., were also in the party.  
Quinn had been swimming before Schmidtke went into the water. He was alone, others not even watching him. There is a float about 10 rods out, and he attempted to swim to it, although not an experienced swimmer. He began struggling when almost to the float, and then sank, according to Paul Sullivan, Rockford, who had been watching him from the shore. Schmidtke disappeared. When this occurred, he threw off his clothes and swam to the spot, but was unable to rescue the man. He had gone down without a cry, and other campers were unaware of the trouble until told by Sullivan.  
Was World War Veteran  
The body was quickly recovered by a Mr. Rice from Lincoln Center camp across the lake, and taken to Merrill Sunday morning. Schmidtke was worked over for an hour and a half, but without avail. County Coroner Lynn Whaley, this city, was then called, it being about 6 p. m., and he went out with Sheriff Fred Beley.  
The body was brought to Janesville by Mr. Whaley and Merrill relatives notified. The father and a brother arrived early Sunday morning and left for Merrill with the body at 5 p. m. Sunday.  
Schmidtke is survived by his father and mother, two brothers and six sisters. He was an ex-serviceman and had spent 10 months in France. He was a member of the Merrill American Legion.  
It is not thought that Schmidtke became fatigued, but accustomed to swimming long distances, became frightened, and then sank.

## TROOPS PROTECT HARDING PROPERTY

Souvenir Hunters Swarm to Marion, O.; Soldiers Are Mobilized.  
(By Associated Press.)  
Marion, O.—Upwards of 100,000 people are expected to fill this city to the point of overflowing Friday when last rites will be accorded President Harding.  
To handle the throng, orders have been issued from State Adjutant General Henderson for the mobilization of 3,000 soldiers of the United States reserve force in Ohio.  
Hundreds of persons motored to Marion yesterday and early in the afternoon. Company D of Marion was mobilized, being stationed at the points of interest after souvenir hunters became so numerous that such a move was deemed advisable to prevent destruction of property.  
No one will be permitted near the home of Dr. George T. Harding, where the funeral of the late chief executive will be held, the Harding homestead in Mount Vernon avenue, the "front porch" house, or the Harding burial grounds.  
The funeral cortege on its way to the cemetery will pass The Marion office, the newspaper which President Harding recently disposed of, and through the two main streets of the city, which will be lined with troops.  
At the cemetery it is planned to extend a large circle of soldiers about the burial plot and only relatives, the party from Washington and immediate friends of the family will be permitted to enter.

## MARKS FALL 40 PERCENT

New York.—German marks depreciated 40 percent over the week end, being quoted here today at 53 cents a million or 1,886,792 to the American dollar as compared with 89 cents a million Saturday. Cable reports that Germany was floating an international gold loan in bonds of small denominations were regarded here as foreshadowing the disappearance of the paper marks and the substitution of the gold bonds as currency.  
New York.—The Laura Spellman Rockefeller memorial, established by John D. Rockefeller in memory of his wife, has spent \$9,611,871 for philanthropic purposes. It was disclosed by the first report made public.

## JANESVILLE FAIR WILL OPEN DOORS, TUESDAY

Tuesday morning will see the Janesville fair ready for spectators.  
The fair grounds on Monday was a bee-hive, people going here and there with everything from cattle that weighed a ton to race-horses, cakes and art exhibits, to find a place for their entries.  
Over in one corner of the grounds the exhibition buildings are being prepared for the opening. To the north end the livestock breeders hold sway.  
Carnival row is assuming great proportions, a real midway. Fair time means a riot of life and smells.  
Tuesday for Children  
Tuesday will be children's day with concerts by the Janesville high school band, featuring the day will be the starting of the junior club program, to be held in two tents along the main entrance driveway.  
Many speed horses have been entered. It was necessary to build emergency quarters for them outside of the fair grounds.  
A trip through the grounds gives the impression of a terrible mess—everyone trying to do something in the shortest space of time. Tuesday will mean a different story, with exhibits ready.  
Stock Is Groomed.  
In the swine, sheep and cattle pens, the exhibitors are making an early start in preparation for the judging. Animals are washed, horns scraped among cattle, sheep trimmed to a nicety and with the porkers, a real bath given in something besides a wallow.  
Announcement that the fair will close on Friday met with approval on the part of those participating in making the Janesville fair the dearest and best of the day.  
Wednesday will be one of the big days for in addition to the race program and free entertainments, the stock judging will start in all three pavilions, cattle, sheep and swine. The main pavilion, the swine in a tent and the junior club stock in their special headquarters.  
Exhibitors on Job  
A visit to the secretary's office showed even more commotion. Entries piled high before the clerks. It will take all night before the books are prepared for the judging.  
The taxidermy department, the tooling exhibitors were awaiting the opening of the fair, Holsteins, etc.

## EVANSVILLE CHIEF CALLED TO AID IN FINDING MURDERER

GILLMAN, EXPERT, GOES TO SAUK CITY TO PUSH SEARCH.  
Farmers Quizzed  
Neighbors of Robert Jaeger, slain refuse, questioned by detectives.  
(By Associated Press.)  
Sauk City, Wis.—Crews hustled up by detectives working to capture the slayer of Robert Jaeger, Sauk county's latest murder victim, took them away from here Monday. Other than to say that he had confidence that one of the new tracks would lead them to the guilty person, the officers kept their plans secret.  
When Jaeger was killed in his lonely shanty on a farm outside of Black Hawk, his death made the 10th unsolved murder mystery of the county. With robbery as the motive, it is said by the detectives to offer many of the same aspects as that of the Balzer killing, a year ago, when William, Julius and Mary Balzer were slain with a hammer on their farm near here.  
The search for the man or men who killed Jaeger was intensified Sunday with the calling of Fred Gillman, chief of police of Evansville.  
Gillman is well known in his vicinity for his ability to apprehend criminals.  
During Sunday, more than a dozen farmers living near the Jaeger homestead were quizzed by the detectives and Sheriff W. H. Ode.  
Possibility that the clues now held may lead to an explanation of the Balzer murder was expressed by the officials as they intensified their search.  
The coroner's jury, impaneled in the case, had not returned a verdict early Monday.

## STATE WILL CLOSE BUSINESS FRIDAY

(By Associated Press.)  
Milwaukee.—The memory of President Harding will be honored generally throughout Wisconsin on Friday, the day of the burial, by suspension of business and the holding of public ceremonies. The suspension of business will be observed in all public offices, and in all schools. In Milwaukee, Alderman Cornelius Corcoran, acting mayor, has issued a proclamation requesting that business establishments observe the day as a memorial service.  
Plans for public services are said to be in the making.  
Madison reports that business will be suspended for a short time, but no public services have been planned. At Waukegan, public ceremonies will be held coincident with those at Milwaukee.  
Union memorial services are being planned and business in general will stop at Superior.  
The mayor of Wausau plans on issuing a proclamation, requesting offices to close, and business houses are expected to follow suit.  
Appleton's mayor is out of town, but it is expected he will proclaim a day of mourning.  
Green Bay's Chamber of Commerce will take action as to funeral observance later in the day.  
Kenosha and Oshkosh plan on observance.

## PENSION FOR MRS. HARDING

Washington.—If precedents are followed Mrs. Warren G. Harding will receive a life pension of \$5,000 a year from the government. Mrs. Grover Cleveland and Mrs. Theodore Roosevelt were given the annuity by vote of congress, members of which said there was little doubt of similar action in Mrs. Harding's case.

## KIWANIANS IN EAU CLAIRE

(By Associated Press.)  
Eau Claire.—Kiwanians from 23 Wisconsin and upper Michigan clubs opened the first day's session of the annual convention of state clubs here Monday, the meetings to continue through tomorrow. Among the chief speakers are John H. Moss, Edward Arras, international president, Columbus, O.; Fred Parker, international secretary, Chicago, and Roe Fulkerson, editor of the Kiwanian magazine, Washington, D. C.

## FOUR CLOSERS OF PRESIDENTS LIVING

(By Associated Press.)  
Chicago.—Mrs. Florence Harding, joining the ranks of president's widows, brings the number still living to four. Other widows of presidents are Mrs. Frances Rolson Cleveland, Preston, Mrs. Benjamin Harrison and Mrs. Theodore Roosevelt.

## GENERAL GOURAUD REPRESENTS FRANCE

(By Associated Press.)  
Paris.—General Henri J. Gouraud, the French war hero now visiting the United States, has been made an honorary extraordinary for President Harding's funeral. He will represent the French government officially at the services.

## SPECIAL SESSION IS NOT EXPECTED

Washington.—President Coolidge apparently has no present intention of calling an extra session of congress, but those who called on him Monday received the impression that he might not make a final decision.  
Possibility of an extra session was discussed by the president with Samuel C. Compers, president, and Frank Morrison, secretary of the American Federation of Labor, and a note book was taken up by the president. The labor leader spent more than a half hour with the president. The situation in the coal industry was taken up but without mention of any threatened strike.

## LIBRARY TO CLOSE FOR JANESVILLE DAY

Janeyville.—Public library will be closed Wednesday afternoon to allow employees to attend the fair, the biggest of the four days. This is following the annual custom. On Friday, the institution will not open at all, due to the national day of mourning.

## LA FOLLETTE IN MESSAGE ON HARDING

Madison.—Senator Robert M. La Follette, who is due to land in England tomorrow has sent the following message on the death of President Harding.  
"The handsome, genial and gracious Mr. Harding caught the imagination of the American people because he knew and followed the best traditions of American hospitality and social grace.  
"Although he belonged to the conservative wing of the republican party, he was seldom, if ever, agreed upon the question of major importance, he ever accorded me that cordiality of personal relationship indicative of his fair and friendly spirit."

## BADGERS TO HAVE PART IN HARDING RITE

Madison.—Congressmen John M. Nelson, Madison, and Henry Allen Cooper, Racine, will be the two Wisconsin representatives at the funeral of the late President Harding, according to word received here today.  
Speaker Gillett, who is expected to attend the exercises, is expected to attend the exercises.

## BODY FOUND BESIDE RAILS

Wausau.—The body of an unknown man, apparently about 40 years of age, lying in a ditch on the right of way of the Northern Wisconsin railroad, three miles from McMillan, and is believed to have been struck by a train four or five days ago.

## HEAVY GUNS IN PRACTICE

Canby, Douglas.—The first heavy firing of artillery at the annual encampment of the Wisconsin National Guard was begun here Monday morning when the 10th field artillery got into position with its 75 mm. guns and opened up on targets placed late last week.  
The echo of the smaller guns had not died away before the 1st opened up its batteries of 155 mm. guns. The firing will continue through most of the week.  
The shorter range batteries will work for efficient rapid fire records, while the heavier pieces will use all kinds of shells.

## STRENGTH FOR ORDEAL

On Board Harding Funeral Train, Cedar Rapids, Ia.—Mrs. Harding rested in her room Monday in the private car "Superba," which carries the body of her distinguished husband. She rested from the strain of last week and to store up strength to carry her through the trying hours of the state funeral services in Washington Wednesday and even more trying hours in Marion preceding the commitment.

## WIDOW HAS FAIRLY COMFORTABLE NIGHT

able night sleep, she said today as yesterday, with some of the women of the party.  
Mrs. Harding's conversation is said to be largely concerning her husband, the things he had been doing and the plans he had made for the future. Courageously calm, she had outlined in her mind everything that is to occur from the time the funeral train reaches Washington until the commitment in Marion, O. Friday.

### SAWDUST IS BEST GRASSHOPPER BAIT

Sawdust is cheaper feed for grasshoppers than grain crops. With a little arsenic added, one feeding will satisfy their appetite.

Grasshoppers annually destroy thousands of dollars' worth of crops in Wisconsin as well as other states. Feeding with poisoned bait has proved a cheap, effective way to fight them. A mixture of sawdust, 25 pounds; middlings, 5 pounds; white arsenic, 1 1/2 pounds; salt, 2 1/2 pounds and amyl acetate, 12 teaspoonfuls moistened with water and scattered broadcast over the field which is being eaten by grasshoppers is the cheapest, surest cure so far," declares C. L. Fluke of the Wisconsin College of Agriculture. "The salt and amyl acetate is the attractive part of the bait."

The bait gives best results when applied just before feeding time for the hoppers. This may be early in the morning or in the afternoon, depending on the kind of grasshoppers.

"Put the amyl acetate in the water and add to the dry mixed sawdust, arsenic and salt. When thoroughly mixed add the middlings and stir," Fluke directs. "Hard-wood sawdust is best."
